I will be out of town at a conference Monday through Wednesday of next week and I do not believe I will be able to join through virtual do to meeting schedule.

I know it was over 20 years ago but when I was county commissioner and I put together a citizens group and stakeholders group for transportation sales tax and law enforcement people were pretty insistent about a sunset / renewal clause. They believed if it was benefiting county and officials did what they said they would want to continue it and they have. They just were not crazy about a perpetual tax , they felt no way to hold officials accountable to do what they say if the officials do not have to worry about renewing the tax.

Thanks

Brian
